

Allocation Adjustment Request Form

The Meiners Oaks Water District’s Drought Contingency Plan was developed and implemented to meet State mandated reduction measures and help manage our local supplies. If you believe that your allocation is not set at an appropriate amount and should be adjusted for the reasons stated below, you must complete this form. Allocations are based on the average use for your property minus the appropriate required reduction in that declared stage of drought, during the years 2010, 2011, 2012. Any allocation adjustment may be reviewed by MOWD staff or the board, and subject to periodic review and change due to drought conditions.
