Ojai, California 93023

Attention: Mr. Mike Hollebrands, General Manager

Subject: Proposal for Topographic Survey,
APN 010-0-102-090, Ojai

Gentlemen:

Benner and Carpenter, Inc., is pleased to provide this proposal for a topographic survey over a portion of the tank site at APN 010-0-102-090 in Ojai. We will perform a ground survey of the site to locate the above ground culture and elevations. We will use this survey to prepare a base map showing the culture, spot elevations, contours at 1' intervals, and property lines based on record data.

Our fee for this service is \$3,200.

In addition, we will plot any easements on the property if the easement documents are provided to us. This proposal does not include underground utility search or title work.

Please feel free to call us if you have any questions.

Very truly yours,

Larry J. Frager

LJF/mb
