### **Review of Application for Will Serve Letter**

#### ADU for Property with Existing Meter at 1396 S. La Luna Ave.

#### Proposal

Conversion of part of an existing detached garage to a 352 sq ft single story ADU and 966 sq ft Interior remodel of existing kitchen and living area on tax assessor parcel 018-0-200-165 at 1396 S. La Luna Ave.

Applicant provided a detailed site plan, showing the location of the existing detached garage and the existing primary residence.

#### Screening Step 1: Is the proposed building site on a legal lot? YES

Applicant provided a copy of a tax assessor parcel map and a subdivision map that indicated the single APN 018-0-200-165

#### Screening Step 2. Will the current allocation support an ADU? YES

Allocation Details:

• Allocation Case Identifier: AA-0948

• Allocation Category: 1 RES meter, 1 Parcel

Parcel Size: 0.38 acre (16,552.8 sq ft)

Current Base Fixed Allocation: 120 HCF/yr

• Current Base Variable Allocation: 184 HCF/yr

• Fixed Base Allocation Needed to Support ADU: 84 HCF/yr

Deduction from Variable Allocation needed to Support ADU through drought stages: 84 HCF/yr

If the ADU is provided the customary fixed second dwelling allocation, the new allocation for this property would be as follows:

New Base Fixed Allocation: 120 + 84 = 204 HCF/yr

New Base Variation Allocation: 184 – 84 = 100 HCF/yr

#### Recommendation

A will serve letter can be supplied, but must clearly state:

- Letter applies only to the proposed ADU as described in the applicant-provided preliminary site plan with the file date 04-27-2022
- There will be no increase in the total (fixed plus variable) water allocation assigned to the meter
- Will Serve Letter will expire after 1 year

### **Income Survey for Disadvantaged Community Designation**

The California Department of Water Resources (DWR) definition for a Disadvantaged Community (DAC) is a community with an annual median household income (MHI) that is less than 80% of the Statewide annual MHI (PRC Section 75005(g)), and those census geographies with an annual MHI less than 60% of the Statewide annual MHI are considered "Severely Disadvantaged Communities" (SDAC). Water Districts with a DAC or SDAC designation are eligible for additional grant funding opportunities with reduced/eliminated share of cost, as well as no interest loans.

Boykin Witherspoon, CSUSB shared that MOWD, based on initial data places the District at 43% (DAC) and 34% (SDAC). The threshold to meet the definition for DAC designation, is 50%. Boykin proposes the District conduct a community Income Survey, to assist with achieving the DAC designation. Grant funds will be sought for conducting the Income Survey.

The initial plan would be for Boykin's team to tour the District, mail out the CA standardized Income questionnaire to the community. The team will mail up to two questionnaires, if the response threshold is not met, then door to door surveys will be completed.

**Recommendation:** Provide direction to the Grants Committee regarding initiation of the Income Survey for DAC designation.
