

LIMITED WATER AVAILABILITY NOTICE

(Please Only Use Indoor Water)

Dear Water Customer:

MOWD is currently on Casitas water while repairs to our well are being completed. Casitas has planned water system repairs and upgrades, and Casitas Municipal Water District will be unable to supply MOWD with excess water to our tanks on the following dates:

6:00 am Thursday, June 12, 2025 thru

6:00 pm Friday, June 13, 2025

To avoid a potential water outage, we request that all customers limit their water usage during the specified timeframe to essential indoor needs only. During this period, all outdoor usage, including domestic irrigation, should be restricted. The limited water resources available during the scheduled maintenance activities should adequately meet domestic and fire flow demands if all irrigation activities are curtailed.

Customers who do not comply with this request may have their water service shut off for the duration of the above-referenced timeframe.

Thank you for your understanding and patience; an inconvenience now will ensure the long-term reliability of water service to the community.

If you have any questions, please call us at (805) 646-2114 or the Casitas Municipal Water District at (805) 649-2251, extension 115.
